How the 9 Personality Types Influence Your Food, Diet, and Exercise Choices

Enneagram Studies and Applications
A guide to using your Enneagram personality type to understand your approach to eating, dieting, and exercise • Shows how the Enneagram system of personality types can explain your relationship to food, emotional triggers and childhood patterns around eating, food choices, best methods for weight loss or gain, possible addictions, love (or not) for entertaining, and the right exercise method to keep you motivated • Includes an Enneagram food-personality test and explains how understanding your Enneagram type allows you to alter your subconscious programming and become not only physically, but emotionally healthier • Provides examples of healthy and unhealthy expressions of each personality type's relationship to food and exercise Have you ever wondered why some people seem to adore food, while others find eating simply a need? Why some people just love to work out and others absolutely abhor anything to do with physical exercise? Why some love entertaining, while others would rather spend a quiet evening alone? In *The Enneagram of Eating*, Ann Gadd reveals how the well-known Enneagram system of personality types can explain your

relationship to food and exercise. Including an easy Enneagram food-personality test to find your type, she devotes a full chapter to each of the 9 personality types. She provides an understanding of each type's emotional eating triggers, including the emotional wounds and childhood patterns that formed them, what exercise regime will keep you motivated, why you entertain the way you do (or don't), and the best methods for weight loss or gain. The author examines how we view our bodies, how we deal with food and eating, our behaviors when dining out or hosting a dinner party, possible addictions, and where our enthusiasm (or lack thereof) for exercise originates. Stressing how our emotional health affects our physical selves, the author provides examples of healthy and unhealthy development within each type. Gadd shows how knowing how each type reacts around food will make it easier for us to alter our subconscious programming and become not only physically, but emotionally healthier. Offering fascinating insight into our subconscious attitudes toward food, she aims to inspire you to become more aware of your approach to eating in general, so you can develop healthier and happier ways of being.

How the mysterious nine-pointed symbol of the enneagram illuminates the worst pitfalls and highest virtues of our psyches. *The Enneagram of Passions and Virtues* elucidates human experience beyond the personality structure. In the tradition of the enneagram, the Virtues are said to be the affective atmosphere that replaces the compulsive and reactive emotional patterns-called the Passions-as one becomes freer of the ego. Sandra Maitri shows how the shift in our consciousness, or soul,

from being informed by the Passions to being informed by the Virtues, is one of the hallmarks of inner development. In this book, Maitri explores how our awareness of the Passions, in turn, leads to the manifestation of the Virtues. This shift supports growth on the level of personality as well as on the level of what is beyond-Being, or True Nature. Maitri is widely known as one of the most literate and in-depth writers and teachers on the uses of the enneagram as a tool of inner development. In this book she provides what can be for some an entry into inner work, and for others, who have been engaged in the journey for a longer time, a uniquely incisive explication of concepts they may have missed. *The Ultimate Guide to Understanding the 9 Types of Personality with the Sacred Enneagram. The Modern Enneagram Harper Collins

Buckle up, folks. It's time to jump in, embrace your inner self, and release the things that are holding you back from wholeness. Enter the Millenneagram. The Enneagram is an ancient personality typing system that has a sneaky way of revealing who we are and why we do the things we do. Using nine types, it gets

to the root of our fears and motivations, unveiling our inner-most selves. Millenneagram reinvigorates the Enneagram by putting a modern spin on the classic nine types. Hannah Paasch, creator of the popular #millenneagram threads on Twitter, reveals how this system acts as a map toward our authentic selves. For Hannah, the Enneagram is not about changing who we are, but rather nurturing and loving our whole selves, even the pain in the ass qualities. "Only from this position of wholeness, rootedness in who we are, what we believe, and what kind of story we are writing, will we be able to act bravely for the sake of justice and humanity - to approach our f*cked-up world with the grounded courage it asks of us." With her trademark irreverent humor and empowering affirmations, Millenneagram reframes the classic Enneagram types with a fresh perspective and new names that cut right to the chase: #1 The Machine "I'm an Enneagram 1 and I Can Fix This!" #2 The Parent "I'm an Enneagram 2 and Can I Get You a Refill?" #3 The Winner "I'm an Enneagram 3 and All I Do Is Win." #4 The Tortured Artist "I'm an Enneagram 4 and I'm Deeper Than You." #5 The Detective "I'm an Enneagram 5 and I Read an Article About That." #6 The Oracle "I'm an Enneagram 6 and I'm Loyal as Fuck." #7 The Party "I'm an Enneagram 7 so This Might Be Vodka In My Mug." #8 The Dragon "I'm an Enneagram 8 so Nice Try, Bitch." #9 The Wallflower "I'm an Enneagram 9 so Let's Just All Chill Out, Dude." A powerful tool for self-discovery (that doesn't take itself too seriously), Millenneagram is an invitation for introspection and growth. Hannah's revamped Enneagram goes beyond simply identifying with a type: it gives us permission to be our truest, enough-as-is, bad-ass selves.
